BASAVANJALI N M

Tumakuru,Karnataka

+91 9535725184 basavanjali1996@gmail.com

Education

Siddaganga Institute of Technology
Bachelor of Engineering in Computer Science (CGPA of 9.68)

SKILLS AND SUBJECTS

Web: HTML ,CSS,JS,NodeJS
Programming: C,C++,Java(basics)
Tools and Technologies: VS code,code blocks
Subjects: Data Structures,Operating Systems,Object-Oriented Programming(OOPs),API(OpenGL),SQL

PROJECTS

1.Interactive Sudoku Validator
Developed a GUI-based Sudoku application using a Java Applet for an interactive puzzle experience. Implemented a real-time validation algorithm to check user inputs against row, column, and 3x3 grid rules.

1.Accessible Voice-Enabled Chatbot
Developed a responsive, voice-controlled chatbot using HTML, CSS, JavaScript to enhance web accessibility for differently-abled users. Integrated the Web Speech API to process voice commands and provide audio responses, enabling hands-free interaction.

2. Civic Issue Reporting Platform
Developed a mobile-first platform for real-time civic issue reporting with photos, GPS, and notifications. Created web dashboards for municipalities with automated routing and analytics. Integrated AI classification and ensured privacy and inclusivity to improve city response and transparency.

CERTIFICATES

1.Learning Programming and Problem Solving using C++ by CodeChef
2.Programming using Java by Infosys(Springboard)
3.Data Structures & Algorithms using C++ by CodeChef
4.Advanced Data Structures and Algorithms in Java(Springboard)
